## FOLLOW THESE STEPS

1. Are the numbers for a Village or Tate Township address Y or N **(Circle One)**
2. Fill in the address numbers in the desired direction of the sign below  
*(black dots represent pre-drilled screw holes)*
3. Numbers on both sides Y or N **(Circle One)**

A vertical rectangular sign template. On the left side, there are four hash marks (#) arranged vertically. On the right side, there are two black dots representing screw holes, one near the top and one near the bottom.

A vertical rectangular sign template. On the left side, there are two black dots representing screw holes, one near the top and one near the bottom. On the right side, there are four hash marks (#) arranged vertically.

A horizontal rectangular sign template. At the top edge, there are two black dots representing screw holes, one on the left and one on the right. In the center of the sign, there are four hash marks (#) arranged horizontally.

A horizontal rectangular sign template. At the top edge, there are four hash marks (#) arranged horizontally. At the bottom edge, there are two black dots representing screw holes, one on the left and one on the right.
